	A	B	C	D	E
1	**Requirement ID**	**Requirement Description**	**MoSCoW Category**	**Justification**	**Priority Reason**
2	R1	Search books by title and author	Must -Have	Essential for users to find books quickly.	High user impact and relatively easy to implement.
3	R2	Online book reservation system	Should - Have	Allows users to reserve books without visiting the library.	Useful feature, but basic borrowing can work without it initially.
4	R3	Generate monthly reports on borrowed books	Should - Have	Helps administrators monitor borrowing activities.	Improves administrative efficiency but can be added later.
5	R4	Email notifications for overdue books	Should - Have	Reminds users to return overdue books	Helps reduce overdue loans; requires email configuration.
6	R5	QR code scanning for borrowing and returning books	Could - Have	Makes borrowing and returning faster.	Requires additional scanning support and testing.
7	R6	User-friendly dashboard for librarians	Must - Have	Helps librarians manage daily library activities.	Essential for daily library management.
8	R7	Allow users to review and rate books	Could - Have	Encourages user engagement and sharing opinions.	Optional feature that does not affect basic borrowing.
9	R8	Chatbot for user assistance	Could - Have	Provides automated assistance to users.	Requires additional development and maintenance
10	R9	Develop a mobile app version	Won't - Have	A separate mobile app increases development time and cost.	Separate app development increases time and cost.
11	R10	Multi-language support	Could - Have	Supports users who prefer different languages.	Translation and testing require additional resources.
